In any industry there are always organisations that stand out from their peers and set the standards that others in their field have to aspire to achieve. First established by Nicole King, Perfect Plus Tutoring is an organisation that certainly meets this criteria leading the way when it comes to personally designed tuition programmes throughout North Kent, Medway and Maidstone. Nicole started up the business after several years working as a secondary school English teacher, during that time she identified the need for a more student centric focus. With a passion for helping students offering a unique tailored approach she has gone on to successfully help hundreds of students thrive. Nicole runs various homeschooling support, classes and visits schools to work with them to meet specific student needs. Nicole works with several other tutors all fully qualified and DBS checked who offer Academic support for students aged 5-18 with GCSE's, Maths, English and Geography. Perfect Plus Tutoring have made quite a name for themselves establishing a well deserved reputation as one of the rising stars of the industry and if the last few years are any barometer of what the future holds then there are many successful chapters yet to be written in the Perfect Plus Tutoring's story.

We think it's important to recognise organisations that are bringing something new and innovative to their marketplace. They don't have to be the biggest but have to be an organisation that is trying to offer something different to what is already out there and above all they must offer a great product or service. We feel that Perfect Plus Tutoring ticks all the boxes and is a worthy winner of our award.

**There are many factors to their success but first and foremost they are good at what they do with the entire team sharing the same steadfast determination to maintain the high standards that have become such a trademark.**

**At Perfect Plus Tutoring they know that every child is different and has their own level of learning. The programs they offer all start off with a free introductory session so the tutors can assess the students strengths and weaknesses offering a personalised plan allowing the students to reach their full potential and gain their confidence back. Their classes and resources for all topics are aligned with the National Curriculum, and their devoted tutors produce specific resources for children to ensure that they completely grasp and thrive in their study. The fact Perfect Plus Tutoring is held in such high regards by previous clients tells you everything you need to know not only about the services they provide but also the ethical way in which they operate. The challenge for in the future as they continue to grow and the demand for their services increases will be to maintain the same high standards that have become such a trademark and continuing to do what they do best.
