

Travelling
KS1
Thursday - Art and Crafts

For this activity you will need some shapes. You could cut these out of paper and colour them in (get an adult to help you with the scissors). Or you could use building blocks or other toys with shapes.

Using these shapes can you make some transport pictures like this one?

How many different modes of transport can you make?

Can you make:

- A lorry?
- A tractor?
- A plane?
