Friday - Art

Today is an art day.

You are going to be attempting to draw a bowl of fruit like in a still life.

Many artists over the years have painted bowls of fruit such as:

You are also going to try and do this.

Fruit can be very difficult to depict due to its round shape. You are going to be trying to add shading to your fruit to make it seem more realistic.

Watch these videos of how to draw an apple. You may find the artists' techniques useful in drawing your own fruit bowl.

Now you can try drawing your own fruit bowl. You may like to use a fruit bowl you have at home as a "model" alternatively you can find an image to use online.
