

PRIVATE TUTORING SERVICE OF THE YEAR

Perfect Plus Tutoring

Perfect Plus Tutoring works with expert tutors that empower students to believe in themselves and achieve their learning goals. Owned and managed by ex-secondary school English teacher, Nicole King, the tutoring business aims to have a profound and lasting impact on the academic success of their pupils and uses a variety of resources to ensure a comprehensive learning experience for all. These include a bank of their own unique tailor-made materials, questions and worksheets that help bridge any potential gaps in a child's knowledge, as well as more commonly used past and practice papers which ensure familiarity with the requirements of each board.

The judges were particularly impressed by the personalised learning opportunities available at Perfect Plus Tutoring which give their students a greater chance of succeeding in academic areas they may have once struggled in. The targeted support begins from the moment a child enrolls with the Chatham-based tutoring service – identifying their specific needs and creating a customised curriculum to ensure these needs are met. Ensuring students progress at their own pace, Nicole and her team of highly qualified professionals offer one-to-one attention that significantly improves performance on critical examinations such as 11+, independent entrance exams, GCSEs and QTS.
