

**Alchemy**  
**KS1 and 2**  
**Friday - Art**

**This week you have looked at alchemy, magic and myths. Today you are going to create your own mythical creatures.**

**You could use a combination of real life creatures like a griffin, which is half lion and half eagle.**

**You could create a creature that is similar to a real creature but with a slight change, like a unicorn.**

**Alternatively you could create an entirely new creature like a dragon.**

**Draw a picture of your beast, name it and write a few bits of information about it.**
